Approx 75 vehicles left the commercial lot and less than 5 were transports. I would estimate that the convoy is up to about 100 vehicles as some were waiting further west on the 401. Its taking up the 2 right lanes and now more transports are sprinkled amongst the group. Hard to say which are involved as only a hand few are displaying signs. Overwhelming majority are personal vehicles

Windsor Intel officer was monitoring Zello group Windsor Convoy 2. IO stated they were discussing being prepared to be arrested. Parking trucks. Etc.

Worried with the truckers not arriving as they haven't heard from organizers since last night.

Group stated trucks big rigs are hidden in area of essex county.
